# etfSA LA Wealth Protector Portfolio

Factsheet - April 2024

## PORTFOLIO DESCRIPTION

The objective of the etfSA LA Wealth Protector Portfolio is to offer a cash only investment of highest credit quality for risk averse members who do not want to carry the risk of a capital loss. Concurrently, there would be no potential of capital growth, other than the reinvestment of interest income. Although the portfolio aims to add an element of protection to invested capital, it does not offer capital or performance guarantees.

### **INVESTOR PROFILE**

The Portfolio is ideal for investors who want a low cost, transparent investment-linked living annuity. The portfolio is suitable for an investor with a very short-term investment horizon, or a very risk averse appetite for investments. The portfolio is well-suited for very conservative investors looking for capital preservation with no additional real return objectives.
