etfSA RA Wealth Builder Portfolio

Factsheet - April 2024

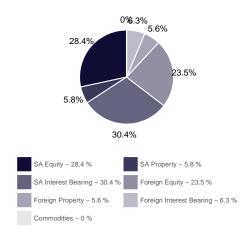

PORTFOLIO DESCRIPTION

The objective of the etfSA RA Wealth Builder Portfolio is to offer broadly diversified exposure to a comprehensive range of asset classes, investment styles and geographies with no preference given to near term relative value differentials. Although the portfolio aims to add an element of protection to invested capital, it does not offer capital or performance guarantees, therefore portfolio value fluctuations may occur in the short term.

INVESTOR PROFILE

The Portfolio is ideal for investors who are self-employed or already contributing to an employer's retirement fund and would like to make additional savings for retirement. The portfolio is suitable for an investor with a medium-term investment horizon. It matches the need for capital growth with a moderate risk management philosophy and moderate levels of income. The portfolio is well-suited for moderate risk-taking investors with real return objectives, seeking long term wealth creation, who in terms of their liabilities, must earn investment returns more than inflation.
